- 3.Why this college?
- 4.Do you have any questions for us?

4.HR INTERVIEW

It was a patience check for me. The interviewer only questioned me to introduce myself. After that he did not asked a single question. I was seating very straight with confidence and looking at him. He was only looking at me and smiling. I replied him with same smiling face but did not lose my patience. Such scenario lasted for about 15 minutes.

Finally, he gave brief data about company policy and regulations. I nodded with smile on face showing my interest in his talk. We made handshake and I quit the room.

Thats all about my First Interview in life with TCS.
